www.github.com/MLuebbers

I am currently a student at Brown University studying computer science and music, focusing in computer systems and multimedia & electronic music experimentation with additional course-work in linguistics and visual arts. I'm drawn to unexpected glitches, and simple, sleek interfaces for creating art. In my spare time I am an avid long distance-runner, a self-taught musician, and a managing editor of Brown's local music blog, B-SIDE. You can find me TA'ing "Composing in Ableton" this spring.

Education

Brown University, RISD — Class of 2020
Providence, RI

3.8 GPA
BA in Computer Science & Music Theory

Operating Systems, Web Apps, Algorithms and Data Structures, Recording Tech, Historical Linguisitics, Deep Learning, Programming Language Design, User Interfaces

Technology

JavaScript	AWS	Python
Node.js	C	Java
HTML/CSS	ReactJS	SQL
x86	Ableton Live	Max/MSP

Experience

Circle Internet Financial — Summer 2019
Boston, MA

Developed a client for the Ripple cryptocurrency in the Poloniex exchange

MITRE — Summer 2018
Bedford, MA

AWS Python integration for network micro-segmentation

Brown University Computer Science — Fall 2017
Providence, RI

CSCI0150 Teaching Assistant
Java-based introductory course

Breakthrough Cincinnati — Summer 2016, 2017
Cincinnati, OH

Full-time Teaching Fellow/Mentor
8th/6th grade Math

Projects

RI DEM Vehicle Reservation App — Spring 2018
JavaScript, Node.js, SQL

Developed back-end for admin capabilities including monitoring and managing user reservations.

Unix C-Shell — Fall 2017
C

Developed a functional Unix shell with file management capabilities and the ability to create and manage multiple processes.

Alternate Web Interfaces for Live — Now
JavaScript, ReactJS, Ableton Live

Built a basic engine for creating web-apps thatcan send MIDI messages to live. I'm currently working on a compiler that will generate Python Remote Scripts to automatically map MIDI messages.

Pseudo-3D Racing Game — Fall 2016
Java

Designed and created a racing game in 2.5 dimensional perspective in its entirety.
